# Corporate Volunteer Partnership

## Why Now?

The need for food assistance is increasing. The cost of food and its delivery are rising, and sadly funding has decreased. In addition to your generous volunteerism, we are asking for your company's financial donation to keep supporting our neighbors.

Your donation is crucial to helping us avoid further scaling back our services, leaving countless individuals and families with reduced access to the nutritious food they depend on. With costs soaring to maintain our operations and food distributions, our ability to adequately feed our neighbors in El Dorado, Nevada, and Placer Counties is threatened.

Our strategy is to expand food sourcing, tighten operational efficiencies, and increase revenue opportunities so that we can continue meeting the needs of our neighbors.

Donation support for volunteer shifts allows us to offset rising operating costs including staff time to plan and lead shifts, purchasing the food and supplies packed by volunteers, and increasing expenses associated with delivering food to our distribution sites.

**Thank you for your partnership and support  
in nourishing our community and improving food access!**
